

Best Practices

Google Business Reviews for Magento 2

This guide covers recommended configurations for [Google Business Reviews](#).

Location Setup

Single Location

1. Create one location in **Marketing → Google Reviews → Locations**
2. Select that location in configuration
3. Import reviews

Multi-Location Business

1. Create locations for each business location
2. Use location filters in widgets to show relevant reviews
3. Different store views can show different location reviews

Review Display

Homepage Slider

1. **Content → Widgets → Add Widget**
2. Select **Google Reviews Slider**
3. Configure location filter to show all or specific locations
4. Enable autoplay

Floating Badge

Great for trust signals - Google reviews are immediately recognizable.

Getting More Reviews

Note: This extension only imports reviews. To get more reviews:

1. Ask satisfied customers to leave a Google review
2. Add your Google review link to email signatures
3. Include review requests in post-purchase emails
4. Display a QR code in physical locations
