

# Configuration Guide

Google Business Reviews for Magento 2

This guide covers all configuration options for [Google Business Reviews](#). The extension is configured in **Stores → Configuration → Magmodules → Google Reviews** and through location management in **Marketing → Google Reviews → Locations**.

## General

---

Setting	Description
Enabled	Master switch for the extension

## Locations

---

Setting	Description
Locations	Select which connected locations to use for this store view

**Tip:** Different store views can use different locations for multi-location businesses.

## Frontend

---

Configure the review overview page displayed at `/googlereviews/`.

Setting	Description
Enable	Show the review overview page on frontend
Location Filter	Let visitors filter reviews by location
Rating Filter	Let visitors filter reviews by star rating
Years Filter	Let visitors filter reviews by year
Title	Page title shown in browser tab
Meta Description	SEO description for the page
Layout	Page layout (1 column, 2 columns, etc.)
Add Google structured data	Include JSON-LD structured data for rich snippets
Reviews per page	Number of reviews before pagination

## Synchronization

---

Setting	Description
<b>Import Frequency</b>	How often to check for new reviews (Every Hour, Every 6 Hours, Daily)

## Debug & Logging

---

Setting	Description
<b>Debug Mode</b>	Write detailed logs to <code>var/log/googlereviews/debug.log</code>
