

Location Management

Google Business Reviews for Magento 2

This guide covers connecting your Google Business account and managing locations in [Google Business Reviews](#). The module uses OAuth to securely connect to your Google Business Profile, allowing automatic review imports without manual API configuration.

Location: Marketing → Google Reviews → Accounts

Connecting Your Google Business Account

Step 1: Create a New Account

1. Go to **Marketing** → **Google Reviews** → **Accounts**
2. Click **Add New Account**
3. Enter an **Account Name** for frontend display (e.g., "Amsterdam Store" or your company name)
4. Click **Save**

Step 2: Grant Access

After saving, a **Grant Access** button appears:

1. Click **Grant Access**
2. You'll be redirected to Google's environment
3. Sign in with the Google account that manages your Business Profile

Tip: Make sure you're logged into the correct Google account before clicking Grant Access. The account must have management rights to the Google Business Profile.

Step 3: Complete OAuth Authorization

On the Google consent screen:

1. Review the requested permissions
2. Grant access to read your business reviews
3. You'll be redirected back to Magento

Once connected, the account status changes to **Connected** and your locations become available.

Managing Locations

After connecting, the module automatically fetches your Google Business locations.

Selecting Locations

1. Go to **Marketing** → **Google Reviews** → **Accounts**
2. Open your connected account
3. Select which locations to import reviews from
4. Click **Save**

Multi-Location Setup

For businesses with multiple locations:

1. All locations linked to your Google Business account are automatically available
2. Select specific locations per account
3. Use location filters in widgets to show relevant reviews per store view
4. Different store views can display reviews from different locations

Account Status

Status	Meaning
Connected	OAuth active, reviews can be imported
Not Connected	Grant Access required
Error	Connection issue, re-authorize required

Re-authorizing an Account

If your connection expires or encounters issues:

1. Go to **Marketing** → **Google Reviews** → **Accounts**
2. Open the affected account
3. Click **Grant Access** again
4. Complete the OAuth flow
