

## Quick Start Guide

Kiyoh Reviews for Magento 2

This guide gets you up and running with [Kiyoh Reviews](#) in just a few minutes. You'll connect your Kiyoh account, import your first reviews, and display them on your store.

## Before You Begin

---

Make sure you have:

- Active Kiyoh account with API credentials
- Magento 2.3.x or 2.4.x installation
- Admin access to your Magento store

## Step 1: Add Your Account

---

1. Go to **Marketing** → **Kiyoh** → **Accounts**
2. Click **Add New Account**
3. Enter your Kiyoh credentials:
  - **Name:** A friendly name for this account (e.g., "Main Store")
  - **API Key:** From your Kiyoh dashboard
  - **Location ID:** Your shop identifier in Kiyoh
4. Click **Save**
5. The connection status will show "Connected" if successful

## Step 2: Enable the Extension

---

1. Go to **Stores** → **Configuration** → **Magmodules** → **Kiyoh**
2. In the **General** section:
  - Set **Enabled** to "Yes"
3. In the **Accounts** section:
  - Select your account(s) to use
  - Choose the locale (language) for reviews to display
4. Click **Save Config**

## Step 3: Import Reviews

---

Reviews are imported automatically via cron, but you can trigger the first import manually:

### Option A: Via Admin

- Go to **Marketing** → **Kiyoh** → **Reviews**
- Click **Sync Reviews** button

### Option B: Via CLI

```
bin/magento shopreview:kiyoh:sync --all
```

## Step 4: Display Reviews

---

### Enable the Review Page

1. Go to **Stores** → **Configuration** → **Magmodules** → **Kiyoh** → **Frontend**
2. Set **Enable** to "Yes"
3. Configure your page title and meta description
4. Save and clear cache

Your reviews will be available at: `yourstore.com/kiyoh/`

### Add a Widget

1. Go to **Content** → **Widgets** → **Add Widget**
2. Select **Kiyoh Widget** or **Kiyoh Slider**
3. Choose your design theme
4. Configure widget options
5. Set where the widget should appear
6. Save and clear cache

## Step 5: Set Up Invitations (Optional)

---

To automatically send review invitations after orders:

1. Go to **Marketing** → **Kiyoh** → **Accounts**
2. Edit your account
3. In the **Invitation Profile** section:
  - Enable invitations
  - Set the delay (days after order)
  - Select which order statuses trigger invitations
  - Choose customer groups to include

#### 4. Save

## Verify Everything Works

---

Run the self-test to check your configuration:

```
bin/magento shopreview:kiyoh:selftest
```

This checks:

- Extension is enabled
- Account credentials are valid
- API connection works
- Cron is configured
